BEHIND THE

Let the Show Begin . . .

Five, four, three, two, one . . . September 4, a memorable day in the lives of many M.H.S. Lions. On this day in 1985, Meadowdale High School's stage opened it's curtains to the most fascinating piece of entertainment ever, "The Show". The Directors of "The Show" were full of excitement and seemed quite anxious to welcome all of their newest and brightest young actors.

The funniest sight was that of the incoming supporting actors. Because "The Show" was a new adventure for them, they were very confused and had trouble getting to rehersals on time. Yet their determination to get through the day definitely made them Oscar nominees.

What really was fun to see was the overly confident understudies who seemed to know everything about this event called "The Show" and what they were doing. Many felt as if they had taken a large step on the climb to stardom.

Of course, last but not least came the main attraction, the ***stars*** of Meadowdale's show. The ***stars***, after eleven long years of hard work and determination, finally were discovered and had made it to the top. The ***stars*** were looking forward to an exciting show and hopefully excellent reviews.

And now, sit back, relax, and enjoy Meadowdale High School's 1st annual SHOW!

Peer pressure is generally an integral part of the growing-up process of high school students, even though it is not always in the best interest of the students. Nevertheless, students' influence over one another has far more effect on student behavior than its adult counterpart. Channeling this peer influence into a more positive vein can have significant influence on student behavior, achievement, and attitudes. A Positive Peer Influence Program (P.P.I.P.) will greatly enhance the school's total program as well as better the school climate.

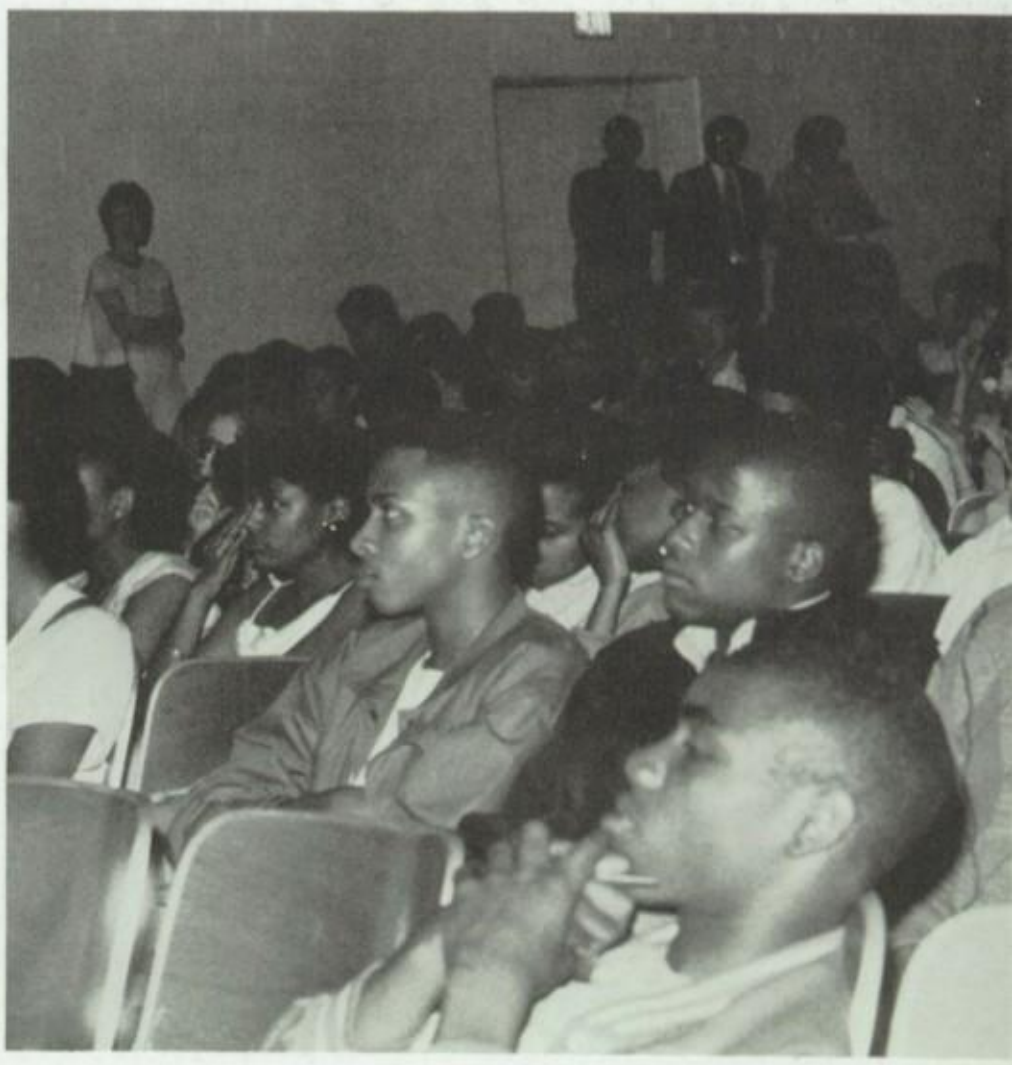
SPECIAL HAPPENING...

On Tuesday, May 6th, 1986, an assembly was held for all juniors and sophomores. The guest speaker was Ensign Napoleon McCallum from the U.S. Navel Academy. Ensign McCallum is an All-American performer on the football field and in the classroom.



BALLOON LAUNCH

Meadowdale had the honor of being the only school in our area chosen for the Kodak Liberty Ride Festival and Balloon Launch of 1986. The students were responsible for blowing up 5000 helium balloons for the colorful balloon launch. For their services each student received a commemorative t-shirt, a free lunch, and a live concert via satellite from the Louisiana Superdome. It was a most memorable event.

"Chillin' the Most"

TO THE CLASS OF 1986

By Scott Mitchell

The time has come when "all good things" must come to an end. We, the Class of 1987, realize the road has not been smooth. There have been ups and downs, smiles and frowns, desire mixed with despair, and now that graduation has come, we are sure you feel ecstasy as well as uncertain expectancy.

As members of the Class of 1987 we would like to thank the Class of 1986 for showing us an improved way, for being the big brother and big sister that we all need. We want you to realize that all of you will be missed, but we also want you to remember:

Whether You Think You
Can Or You Can't—
You're Probably Right

(Author Unknown)

If you think you are beaten, you are;
If you think that you dare not, you don't;
If you'd like to win, but you think you can't,
It's almost certain you won't.

If you think you'll lose, you've lost;
For out in the world you'll find
Success begins with a fellow's will.
It's all in the state of mind.

If you think you are outclassed you are;
You've got to think high to rise;
You've got to be sure of yourself before
You can ever win a prize.

Life's battles don't always go
To the stronger or faster man;
But sooner or later the man who wins
Is the man who thinks he can.

Farewell

Advisers: Mrs. Gloria Moxley and Mr. Moxley, Mrs. Lucille Ruffin (not shown).
